

WOMAN SLAIN WITH HER OWN REVOLVER

Mrs. Frank Rorschach, Wife of a Naval
Officer, Murdered in Her Home
by Burglar She Had Shot at

SLAYER DISARMED AND THEN KILLED HER

Norfolk, Va., Sept. 10.—Mrs. Mary Lawless Rorschach, wife of Lieut. Frank Rorschach, U. S. N., and sister of Joseph T. Lawless, former secretary of the commonwealth of Virginia, was murdered in her home at Portsmouth by an unknown burglar early today. She was shot with her own pistol taken from her hand by the burglar after she had fired twice upon him.

Whether the murderer was a negro or white man is unknown. He escaped, dropping the pistol as he fled from the house.

Bloodhounds secured a scent and ran from the house. This was soon lost, however, and the hounds have since been unable to pick up the trail.

Was a Fearless Woman.

Mrs. Rorschach, whose fearlessness was well known, was living with her two children, aged seven and five. Her husband, Lieutenant Rorschach, formerly of the United States battleship Kentucky, but more recently promoted and transferred to the United States cruiser Tennessee, now with Admiral Evans' fleet off Provincetown, Mass., on target practice, was absent.

The shots awakened the eldest boy, Frank Jr., and the mother cried to the boy up stairs: "Frank, somebody has taken my pistol and shot me. Go quickly for help." The boy rushed for help, but when he returned with neighbors his mother was dead. An effort was made to inform Lieutenant Rorschach by wireless of the tragedy.

The Rorschach home is immediately in the rear of the naval hospital in Portsmouth and near a lumber mill, to which negroes frequently pass. A newsboy, who lives near the home, saw a negro shortly after the tragedy running rapidly by his home towards the small foot bridge, whence the bloodhounds went when they caught the scent. The negro was taking off his coat.

Fired Twice at Marauder.

While Mrs. Rorschach had a lamp in her hand the burglar was in the kitchen in the dark. She evidently heard the man and fired in the direction. Both bullets fired by the woman were found in the kitchen wall. Her money and jewelry were untouched.

The victim's youngest child, Lawless, slept through the excitement.

Mrs. Rorschach was a handsome woman about thirty-six years old and one of the most accomplished musicians in Virginia.

Lieutenant Rorschach was formerly of Kansas, but was appointed to the navy from Virginia.

PITTSBURG HITTING BAPTISTS COME FOR UP FOR RECORD THE DISTRICT OF DEATHS MEETING

Two Fatal Auto Accidents
—One Woman Killed—
Man Killed in Race.

Pittsburg, Pa., Sept. 10.—One woman was killed and four other persons seriously injured in Allegheny today when a large automobile conveying the party to the city skidded along the street in making a turn and striking the street curbstone, threw the occupants against several telegraph poles.

The victims were removed to St. John's general hospital, where Miss Helen Williams, of Allegheny, died early today.

Killed in Auto Races.

One man was killed and three were seriously injured as a result of two accidents during the automobile races at the Brunos island track, near this city, yesterday.

The first accident was due to a front tire coming off a machine while on the thirteenth mile of the fifty mile Derby, and the second accident was caused by a car running into this disabled machine, which was left on the track. The victims of the accidents are:

RAINERSTEN, REX, 35 years old, president of the Automobile Repair company of Pittsburg, died of a fractured skull while being taken to the hospital.

Christy, Walter, 26 years old, of 518 West Eighteenth street, New York city, who was one of the drivers in the Vanderbilt cup races at Mineola, Long Island; fractured his right arm and sustained scalp wounds and internal injuries; in hospital.

Daston, Clarence, Allegheny, mechanic for Rainersten and riding with him at the time, received injuries to the spine that are serious, besides bruises and cuts; in hospital.

Farnol, Policeman Frank, Allegheny, struck by one of the flying cars and hurled fifty feet; badly cut and bruised; in hospital.

Pinioned Under Car.

Rainersten was driving in a race called the fifty mile Derby and was on the thirteenth mile when, at a turn, one of the front tires came off and the machine turned over. Rainersten and Daston were caught beneath the car, while a score of other contestants shot by. Crowds swarmed over the track and the race had to be stopped.

Assistance was soon at hand. Rainersten was unconscious, but Daston was able to direct the rescuers in the moving of the machine. The body of Rainersten was borne to the clubhouse, where it was found he had a fractured skull, and he was started for the hospital, but died before reaching there.

Carelessness Causes Second Wreck.

The wrecked car was left at the edge of the track and after order had been restored, Walter Christy attempted to make a new track record for a mile in a new 140 horse power car. Christy was cautioned to beware of the wrecked car at the turn and had circled the track once when he signaled for the timers to take his time. Christy crossed the tape at high speed. He ran into the back stretch and approached the wrecked car at a speed that carried him too far out. Christy's car hit the obstruction head on. The big racer bounded fully fifty feet in the air and Christy was hurled a long distance ahead of it.

KAISER WILL HONOR AMERICAN WAR MINISTER

Preparation to Give Taft
Signal Distinction in
Berlin.

Berlin, Sept. 10.—Emperor William, it is stated, will make a special effort to give the American secretary of war, William H. Taft, a hearty greeting and memorable entertainment during his sojourn here two months hence. Already the several officers who will have the arrangements in charge are holding conferences on the subject. The emperor will probably receive Mr. Taft at Potsdam castle.

Laudatory articles regarding Mr. Taft are appearing in the newspapers.

SEATTLE HONORS TAFT.

Seattle, Wash., Sept. 10.—The entertainment of Secretary Taft yesterday began with a breakfast given by Henry Dickenson, son of President Dickenson of the American Bar association, at the University club. At a luncheon given by the King County Republican club Secretary Taft made the principal address and discussed the motto of the club, "Fair play, clean politics, good government." The principal address was made by the secretary at a mass meeting in the Grand opera house. His subject was "Capital and Labor."

FORT WAYNE COMPANY SEEKS TO LIGHT HUNTINGTON

C. G. Guild Files Application for Wabash Valley Franchise.

Huntington, Ind., Sept. 10.—The Fort Wayne and Wabash Valley Traction company wants to supply electrical power for commercial lighting and power purposes in Huntington, and at the meeting of the city council this evening it will ask for a franchise granting it permission to use the streets and alleys for stringing its wires here. In case the franchise is granted, the company will bid for all street, store and residence lighting in the city.

C. G. Guild, of Fort Wayne, superintendent of the light and power department of the traction company, was in the city yesterday preparing the franchise for the council's action, and it was placed on file with the city clerk last evening.

Mr. Guild is one of the best hustlers for business that is connected with the traction line. He showed a

OCTOPUS FIGHTING THE PAYMENT OF BIG FINE

Seeks Writ of Supersedeas
—Government Demands
Big Bond in Case.

Chicago, Sept. 10.—The Standard Oil company of Indiana today applied to the United States circuit court for a writ of supersedeas preventing the United States government from proceeding to collect the fine of \$29,240, 000 recently entered against it on the order of Judge Landis. Judge Grosscup, before whom the application was made, declined to take action until he had heard arguments from the attorneys for both sides. The arguments consumed the greater part of the day.

The attorneys for the government insisted that the supersedeas bond, if the writ was granted, should be as large as the fine assessed the company. The attorneys for the defendant argued in favor of a bond of \$1, 000,000. Judge Grosscup, while not specifying the amount of the bond, declared that he thought it should be equal at least to the total value of the Standard Oil company of Indiana.

LUSITANIA LOOKED TO BREAK ALL RECORDS

New Cunarder Not Reported
by Wireless, but is Believed All Right.

New York, Sept. 10.—Officials of the Cunard line said today that they had received no advices from the new steamship Lusitania since she was reported by wireless late Sunday evening from a fog bank many miles to the westward of Queens town, with her engines driving her along at twenty-five knots. That the Lusitania will create a new speed record in her maiden trip to America is confidently believed by officials of the Cunard line, who expect to get word from her when she enters the wireless zone of Cape Race Wednesday.

Will Make Up Time Lost.

The Lusitania was handicapped by fogs during the first part of her trip, but dispatches received by the company show that the steamship's machinery was running smoothly and any time lost by slowing down in the fog will doubtless be made up later.

The westbound record from Dunt's Rocks to Sandy Hook light ship, which the Lusitania is striving to beat, is five days, seven hours and twenty-three minutes, made by the Lusitania of the Cunard line in 1904. The Lusitania left Queens town last Sunday, thirty minutes ahead of her new sister ship, but within six hours after the Lusitania had left Queens town she had passed the Lusitania and taken the lead in the race.

New Turn in Steamship Rivalry.

A new turn has been given to the steamship rivalry and race war on the Atlantic, says the Times today, by the statement of a North German Lloyd official that in the event of the Cunard liner Lusitania breaking the Atlantic record of the North German Lloyd, the latter will at once begin to build a liner with a minimum speed of twenty-eight knots. This is equivalent to speed of thirty-two land miles an hour.

Steamship agents here, it is also stated, believe that the Atlantic race war will pass through the crisis between now and Saturday. It is expected that the Cunard line will cut the first cabin rates fare below the present fixed minimum rate of the Etruria, which is \$62 before her date of sailing.

ORIENTALS ARE IN A STATE OF SIEGE

Hived in Quarters in Vancouver and
All Go Armed and Ready to Resist
With Force Any Fresh Attack

AMERICANS SAID TO HAVE FOMENTED RIOTS

Vancouver, B. C., Sept. 10.—The Chinese and Japanese quarters here are practically in a state of siege. Hundreds of revolvers and guns have been sold the past twenty-four hours to orientals until the police prohibited the sale of fire arms to anybody.

Every Chinese merchant goes about with an armed bodyguard and besides the entrance to every Chinese store stands a Mongolian with a rifle.

All the Chinese cooks, mill men and laborers and all the Japanese working in the city and in the country within a radius of fifteen miles from Vancouver have been summoned to the oriental quarter and are filling all the houses in the oriental quarters.

Ready to Repel Attack of Mobs.

Besides the fire-arms, knives, stones, bottles and bricks are in stock ready to repel the attack of a mob at any future occasion. Glass in every oriental shop and house in the quarter was broken by the mob on Saturday night, except in the Japanese church, which escaped. It is a question whether the city or the dominion is responsible for the \$20,000 damage done by the mob.

It is understood that Mayor Beithune has received a telegram from Earl Grey, governor general at Ottawa, demanding that law and order be preserved in Vancouver at all costs and the lives and property of the Japanese residents be accorded full protection as guaranteed under the clauses of the treaty between Canada and Japan.

May Call Out the Military.

The chief of police has sworn in 100 special constables. The military will be called out if there is sign of further disturbance.

Hardly a house in the city has a domestic servant today, the 2,000 Chinese employed being concentrated in Chinatown and clubs and restaurants cannot serve meals.

AMERICANS FOMENTED RIOTS.

Portland, Ore., Sept. 10.—The Oregonian today prints the following special from Seattle, Wash.:

Every indication is that the Vancouver, B. C., riots were carefully planned to impress K. Ishii, chief of the Japanese bureau of foreign commerce. It is significant that the leaders of the Seattle organization against Japanese immigration were in Vancouver heading the demonstration.

Frank W. Cotterill, president of the Washington State Federation of Labor; A. E. Fowler, secretary of the Anti-Japanese and Korean Immigration league; George P. Liscman, a prominent Seattle labor leader, all were present, together with a big delegation of American and Japanese sympathizers. They were in Vancouver when the outbreak occurred, and though announcement is made in private letters from anti-Japanese leaders that they harangued mob to do no violence, the anti-Japanese society itself believes the demonstration had to do with their presence.

The great bulk of the marching and rioting throng was composed of Canadians, and the Japanese officials ignored American participants in the telegram of protest to the Ottawa government.

JAPAN SELF-CONTAINED.

Tokio, Sept. 10.—The most meager account of the anti-Japanese trouble in Vancouver is published in a special cablegram to the Asahi this morning. This is the only one of the English or vernacular papers which mentions the affair.

While awaiting the details the Asahi refrains from editorial comment. The published dispatch, which is from Ishii, of the Japanese bureau of commerce, is brief and expresses the opinion that the trouble is over.

The Japanese press and officials generally show no disturbance over the immigration question and it is conceded in official circles here that the matter will be ultimately settled satisfactorily, although sporadic outbreaks are expected. The Japanese officials decline to say what steps if any have been taken in the Canadian trouble pending further information.

FORT WAYNE COMPANY SEEKS TO LIGHT HUNTINGTON

number of applications of Huntington residents for light and power to be furnished by the traction line. "For some time Huntington men have been asking for service from the electrical department of the company," said Mr. Guild, "and we are getting in line to accommodate them."

According to the plans, as explained by Mr. Guild, the company will make the light and power department separate and distinct from the trolley service system. The large Spy Run power station in Fort Wayne enables the company to go into the electrical business on a large scale. New machinery especially for the light and power service is being installed, and when the franchises are granted by cities along the line the commercial service will be connected with the special machinery, and not to the apparatus that propels the cars.

It is a part of the plan of the company to secure franchises in all the cities and towns along the line from Fort Wayne to Lafayette. At Roan-

oke the company has been giving service for some time, but this service was taken from the trolley system. When the new system is put in, Roanoke will get on it with the other cities and towns.

In Huntington the company will put up its own poles and string its own wires. The poles will be placed in the alleys wherever it is possible and the wires will be placed free from other electric wires running through the city.

Looking over the map of the city yesterday, Mr. Guild, who will have charge of the work, says the city will not be difficult for them to reach all points by keeping on the alleys at most places.

Regarding the machinery part, Mr. Guild says the introduction of the service here will make it necessary to equip the station that was formerly the power house of the line with better and with more machinery than it has ever had. When the new power house was built in Fort Wayne, the local building was dismantled of its large generators, but it has been maintained as a sub-station. The introduction of the new service will necessitate the installation of greater machinery. In fact, the whole plant will be equipped and the generators will then be operated by the special high

MINING EXPERTS ARE GUESTS OF HON. L. V. ULREY

Capt. Besley, of Australia, and Hon. Mr Somerville in the City.

Two gentlemen who have achieved world-wide reputation as mining experts are in Fort Wayne today as guests of Hon. Lew V. Ulrey. They are Capt. J. C. Besley, of Australia, and Hon. W. V. Somerville, of London, England, both of whom are partners of Senator Ulrey in extensive mining interests in Canada and Mexico. With the party also is John P. Marsky, of Saginaw, who is also associated with the three gentlemen named in various mining enterprises.

Captain Besley is a veteran in the mining business who has had a career of unusual interest. He was for many years engaged as an expert mining engineer in South Africa with the Cecil Rhodes enterprises and made the official exploration of the last mining operations conducted by the famous millionaire. At the funeral of Mr. Rhodes Captain Besley was a member of the committee which was in charge of the obsequies. For the last three months he has been in Mexico assisting in the development of some marvellously rich property owned by the little syndicate there, and he brought with him to Fort Wayne some of the ores recently taken from the Mexican silver properties. One of these is a one-hundred-pound sample which develops about one-fifth pure silver.

Hon. Mr. Somerville is an English gentleman of rank and distinction who has also been engaged in mining enterprises in many parts of the world. They will be the guests of Senator Ulrey at his home in this city for several days.

PROPERTY OWNERS WILL ASK APPROPRIATION OF COUNCIL

Lakeside Residents Meet and Appoint Committee to Attend.

Lakeside property owners interested in the improvement of the banks of the Maumee and St. Joe rivers held a meeting last night at which Harry P. Kennerk, W. D. Henderson, T. J. Logan, James McKay and County Auditor George W. Lindemuth were selected as a committee to appear before the city council tonight and urge the appropriation of \$300 asked of the board of works to aid in the work which has already begun.

For more than a week men have been working on the east bank of the Maumee river and the underbrush has been cleaned away, the trees trimmed and the portion of the bank between the east bridge approach and the bend of the Maumee has assumed the appearance of a park and this has encouraged the property owners and residents generally to seek still further improvements along the same line.

Sewage deposits were found in many places and this will be urged as one of the facts that make the improvements necessary from a sanitary standpoint. Subscriptions have been coming in satisfactorily, but more money is needed, and committees to solicit funds were appointed as follows:

W. D. Henderson and E. D. Gaston for Columbia avenue; G. W. Lindemuth and Charles Gillette for Lake avenue; H. F. Bullerman and J. E. Savage for Riverfront avenue. The organization of citizens was further perfected by the selection of W. D. Henderson as vice chairman and L. H. Ransom as secretary protem.

Appeal will also be made to the government to dredge the stream so that the channel can be deepened and a number of obstructions removed. This was assigned to a committee composed of A. E. Thomas, W. M. Leedy and N. W. Bloom. According to the government survey the stream is navigable as far as Fort Wayne and under this condition it is believed some assistance may be expected.

LIVELY ELEVEN MONTHS

RELATED BY WIFE
IN COURT

Less than a Year of Married Life Satisfies Her—Court News.

After eleven lively months of married life Margaret Roberson is in the circuit court seeking a divorce from Joseph Henry Roberson and while the matter is pending she will be protected by a restraining order issued by Judge O'Rourke to prevent the husband from molesting her, drawing his wages from the Walworth Railroad company or disposing of any of his property.

A disposition on the part of the husband to display firearms recklessly and accompany the display with threats to put his wife out of the way appears to have been the stumbling block in the way of marital happiness as the wife says several such episodes occurred within the family circle. She also charges that he called her bad names, struck her and threatened to dispose of his belongings and skip out. Alken & Underwood represent the wife.

Got a Decree. Louise M. Weinmann, who was married to Henry Weinmann Sept. 6, 1902, got a decree in the superior court this morning on a complaint filed late yesterday afternoon as the husband made no contention. She related among other things that on Sept. 3 he struck her hard enough to give her a black eye, not to mention the fact that the blow floored her. She also accused him of calling her bad names. She was restored to her maiden name of Friedrich. George W. Louttit and Frank R. Dulin were the attorneys.

Wills Are Probated. The will of Mrs. Philomena Jacobs, who recently committed suicide, was filed in the circuit court today for probate. She left her real estate to her son, Charles Jacobs, and to her daughter, Mrs. William Briggeman, her personal property. He is to pay Mrs. Briggeman \$150.

Under the will of Fred C. Witte the wife is left all the property during her life and it is to be divided among the children at her death.

Under the will of William C. McMahon all his property is to descend to his wife and be hers during her life, after which it is to be divided among the children according to a schedule prepared by the deceased.

Divorce Case to Be Heard. The divorce case of Augusta Payne against Edward Payne was up for a hearing in the superior court today. The husband did not appear in person, but entered a general denial through Robinson & Luecke.

TWO-CENT FARE LAW IN PENNSYLVANIA IS UPSET.

Continued from Page One.

Wherein Act is Not Invalid. "The act with which we are concerned is, therefore, to be regarded as intended to apply only to that part of the passenger business of the railroads over which the legislative power of regulation extends, and since that business is not confused with interstate passenger traffic as to be insupportable of separate regulation," he held the act is not invalid for the reason last stated.

"On the whole case we are of the opinion and therefore, find that although with respect to its title and other matters of form no valid objection to the law exists, its operation so far as it relates to the Pennsylvania Railroad company, is objectionable on constitutional grounds for the following reasons.

Wherein Act is Unconstitutional. "1.—As a regulation by the legislature of the rates of fares for passengers on the lines laid by the tariff and under the act of April 13, 1846, between Harrisburg and Pittsburgh, and Pittsburgh and Erie, the act violates an explicit contract between the plaintiff and the commonwealth and so contradicts article 1, of the constitution of the United States.

"(2)—As a regulation of the plaintiff's interstate passenger business in its entirety, the act under existing circumstances is unreasonable and confiscatory and by depriving the plaintiff of its property without due process of law, violates amendment XIV of the constitution of the United States.

Violates State Constitution. "3.—Since the taking from the plaintiff of the profitable use of its property situated on the interstate passenger business may be regarded as a taking equal part of that property for public purposes and since no just compensation is made therefor, the act violates article 1, section 10, of the constitution of Pennsylvania.

"(4)—Viewed as an alteration or revocation of the plaintiff's franchise to establish and enforce over the lines of roads that are now operated by it and that have been leased or otherwise acquired by it since May 3, 1855, such rates as within the maximum fixed by the second proviso of section 21 of the act of April 13, 1846, its president and directors may deem reasonable. The act violates article XVI of the constitution of Pennsylvania but it does injustice to the incorporators of the Pennsylvania Railroad company by establishing so low a rate of fare for the carriage of passengers as to render the branch of the plaintiff's business unremunerative, but providing no compensation for the loss thereby occasioned. We accordingly judge that the act of April 6, 1907, cannot be enforced so far as concerns the Pennsylvania Railroad company, or that the county of Philadelphia should be restrained by action to collect the maximum which that act attempts to establish."

NEW YORK BOND SALE.

Bids for \$40,000,000 Over—Subscribed All Bids at a Premium.

New York, Sept. 10.—The New York city bond issue of \$40,000,000, which opened here today, was heavily oversubscribed at premiums ranging up to 100. J. P. Morgan & Co., Harvey Fisk & Sons and the National City bank bid 100.87 for \$35,000,000 and 100.67 for \$5,000,000. Kuhn Loeb & Co. bid for \$10,000,000 at 100.25 to 100.

POLICE AFTER GILBERT

SALOON AND CHARGE IS FILED

Man and Woman Found in Room Over Place—The City Court.

The police are after Harry Gilbert's South Calhoun street saloon again and following the arrest of a man and a woman in the place during a raid Monday night Patrolman Frank Chevrolet filed an affidavit against the proprietor charging him with renting rooms for illegal purposes. He has been in trouble with the department frequently before.

The man, who gave the name of Frank Smith, assumed for the occasion, was not in court but he entered a plea of guilty through the chief of police and his fine of \$5 and costs was paid out of his bond money. The woman was there all right and she went below with a fine of \$5 and costs hanging over her. The arrest was caused by the husband of the woman.

Christman Held Over. Edward Christman, arrested at Geneva Monday afternoon for the theft of \$16.50 from Frank Lophshire, admitted his guilt and was held to the circuit court for grand larceny under a bond of \$300. He and Lophshire appeared at the same place and on Monday night he took the money from his room.

The Other Cases. Minnie Pence, charged with assault and battery, had her case continued until Wednesday. The charge grew out of a neighborhood quarrel. Lem Wormcastle was arraigned for criminal assault and his case continued until next Monday.

KILTIES BAND DELIGHTS ITS AUDIENCE AT ROBISON PARK

Famous Candians Begin a Three Days' Engagement in Fort Wayne.

The "Kilties," the famous Highlanders' band of Canada, opened a three days' engagement at Robison park last evening and gave a beautiful concert. The program was varied, embracing beside the numbers rendered by the band, a sword dance and sailor's hornpipe, to music of the bagpipes, by Hon. Pipe Major Angus Fraser, some excellent singing of part songs by the Kilties' choir and a number by four players of bagpipes, all of which were enthusiastically received by the audience. The band is not large, but under the direction of Albert Cook displayed perfect discipline and individual and collective facility of technique and smoothness and otherwise beauty of tone that classes the band among the very best of the many bands heard in this city. The interpretation of familiar numbers from musical comedies and the Tobani "Grand American Fantasia" were given with such distinct individuality that there was never a suggestion of the ordinary or an opportunity to call forth criticism. Especially beautiful numbers of the program were a concert waltz by Gungel, "The Whistler" from the opera "Frühlingsluft" and the intermezzo, "Cherry," by Albert. The rendition of Scottish airs was done with great expression and beautiful blending of tones. Two of the many encores rendered were "Narcissus" by Neveu, played with artistic interpretation and fine shading, and "The Girl I Left Behind Me," with variations, which was one of the gems of the program. The work of the players was inspiring and thrilling and unquestionably fine from the standpoint of execution. Mr. Fraser's dancing is a marvel of dexterity and grace.

The band is scheduled to give programs both afternoons and evenings of tomorrow and tomorrow and no lover of music should miss hearing one or more of the programs if possible to attend. The musicians are dressed in Highland costumes and their stage presence is at once striking in color, beauty and dignity.

In 1903 the Kilties, or Forty-eighth Highlanders' band, gave two concerts in the Temple theater, this city. At that time Pipe Major Beaton played the pipes and Sergeant Major Johnston gave the exhibitions of Highland dances.

FOLLOWS HIS WIFE IN DEATH FROM AUTO ACCIDENT

Paul McCormick, Husband of Fort Wayne Woman, Dies of Injuries.

Newspaper dispatches from Norwalk, Conn., last night brought to Fort Wayne friends the first news of the death of Paul McCormick, of New York, as the result of injuries sustained in an automobile accident about four weeks ago, in which his wife, who was formerly Miss Carrie Johnson, of Fort Wayne, was instantly killed.

McCormick has been a patient in the Norwalk hospital since that time. Immediately after the distressing accident Fort Wayne relatives of Mrs. McCormick hurried eastward and the remains of the dead woman were placed in a receiving vault to await the outcome of the husband's injuries. They were of so severe a character that it was believed he could survive but a short time. In all probability the interment of husband and wife will occur at New York, which has been their home for some years.

DEATH HAS SUMMONED

MRS. E. P. THOMAS FROM EARTH

End Came Today at Hope Hospital—Other Deaths.

Mrs. Mary A. Thomas, wife of E. P. Thomas, manager of circulation for the Journal-Gazette, and the mother of Albert E. Thomas, prosecuting attorney-elect, died at 9:15 o'clock this morning at Hope hospital at the age of 57 years. The remains were removed to the family residence at 910 Columbia avenue.

Mrs. Thomas had been in impaired health for the past ten years, her condition culminating in a complication that some days ago reached a stage where surgery offered the only possible hope of averting fatal consequences. On Thursday night, Mrs. Thomas was removed to the hospital, where a surgical operation disclosed a malignant affection of the bowels. While the patient's condition was critical in the extreme, it was hoped that the relief afforded in the temporary operation might enable her to regain strength to undergo a later operation that promised better results. In her weakened condition, however, there was no encouraging rally, and death intervened largely as the result of shock.

Mrs. Thomas was a native of Canada, born in Middlesex county, Ontario, and was united in marriage to Mr. Thomas about thirty-six years ago. They resided for some years at Forest, Ontario, later removing to LaCrosse, Wis. In 1892 the family removed to Fort Wayne. Mrs. Thomas is survived by the husband and five children—Albert E. Thomas, Mrs. Edward Schele, Miss Ada Thomas, Willard M. Thomas and Miss Winnifred Thomas, all of this city. There is also a brother, Neil B. Campbell, at Topeka, Kan., and another brother, Daniel Campbell, at Toronto, Canada.

To a very wide circle of friends in Fort Wayne the death of Mrs. Thomas will come as a personal sorrow. She was a member of Plymouth Congregational church and of the Ladies of the Macabees, and was universally esteemed. It is probable that the funeral services will be held from the residence on Friday.

KESSEN.

John W. Kessen, 46 years of age, died Monday evening at Easthaven hospital in Richmond, where he had been a patient for the past three years, his commitment following a sunstroke which he suffered just prior to that time. The remains were brought to the city this afternoon and were removed to the home of the parents, 1111 Washington boulevard east. Mr. Kessen was born and reared in Fort Wayne, and prior to his illness he was engaged in the wood business with his father, William Kessen. He was married September 29, 1892, to Miss Clara Gable, who, with two sons, John and Clarence, survive. Other relatives include the parents, Mr. and Mrs. William Kessen, two brothers—Christian and Henry Kessen, and four sisters—Mrs. George Frey, Mrs. Joseph Heidenreich, Mrs. William Wagner and Mrs. George Heidenreich. The deceased was a member of St. Mary's Catholic church.

TAKES AS BRIDE HIS SWEETHEART OF 35 YEARS AGO

Former South Bend Man is Found Through Frisco Earthquake.

South Bend, Ind., Sept. 10.—After waiting thirty-six years R. T. Wheeler, of Sacramento, Cal., came to South Bend and claimed the sweetheart of his youth, Mrs. Rebecca Baer Noblock Hummel, as his bride. It was the San Francisco earthquake and fire that proved their love guide.

In 1871 Mr. Wheeler bade good by to Rebecca Baer and set his face towards California and his dreams of fortune. The gold mines were his aim, but the golden dreams did not realize. His letters to the girl became shorter and further apart and finally ceased altogether.

Time went by and Miss Baer became Mrs. Rebecca Baer Noblock. Mr. Noblock was thrifty and at his death a few years later left his widow a small little fortune of \$65,000. Wheeler had given up mining and, on finding up a photograph supply house in Frisco, was making strides towards his fortune. Then the quake came and the fire which swept over his shattered plant left him penniless and wounded.

He wrote to a cousin, not to ask for money, but to ask about his old friends. It was natural that he should inquire for Rebecca Baer, who had married again and became Mrs. Rebecca Baer Noblock Hummel.

When Mr. Hummel died Mr. Wheeler sent his old sweetheart a simple note of sympathy, and before many letters had passed the old love was reawakened.

VETERINARIANS MEET.

Kansas City, Sept. 10.—The American Veterinary Medical association began its forty-fourth annual convention here today with 400 delegates from thirty-five states present. The morning session was taken up in listening to the reports of officers and the delivery of the annual address of William Herbert Lowe, of Paterson, N. J., the president.

Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of **Mother's Friend** before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. **Mother's Friend** overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

Remembering his more infantile days, Donald, the two-year-old son of Mr. and Mrs. Reynolds Knopper, of Bluffton, got hold of a fancy looking bottle with a nickel stopper and thrust it into his mouth and began to suck away industriously at its contents. The stuff proved to be a preparation

A Most Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts from native medicinal roots and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherry bark, Bloodroot, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and adds to the Golden Seal root, Stone root, Queen's root and Black Cherry bark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe obstinate, hang-on, chronic, catarrhs, bronchitis and pulmonary troubles, and chronic sore throat with pain. In acute coughs it is not so effective. It is in the lingering hang-on coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures.

Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago, says of glycerine:

In dyspepsia it serves an excellent purpose. Holding a great quantity of the peroxide of hydrogen in solution, it is one of the best manufactured products of the present time in its action upon effete, disordered stomachs, especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach). It is a most efficient preparation. Glycerine will relieve many cases of proctitis (hemorrhoids) and excessive gastric (stomach) acidity.

"Golden Medical Discovery" enriches and purifies the blood curing blotches, pimples, eruptions, scrofulous swellings and old sores, or ulcers.

Send to Dr. E. V. Pierce, of Buffalo, N. Y., for free booklet telling all about the native medicinal roots composing this wonderful medicine. There is no alcohol in it.

Race prejudice is not a matter of geographical distinctions. The British at Vancouver have been handing it over to the Chinese and the Japs in a style that makes the San Francisco hoodlums look like second raters.

Indianapolis specially desires to have it noted that a costly building just dedicated at the state fair grounds is the first thing in the line of permanent improvement the legislature has ever contributed to the Hoosier show. This hearty commen-

dation of precedent looks less like an exaltation than a hope. Legislature will doubtless be called on some more.

The only hope of the white pugs in the lightweight class would seem to be in establishing a championship with a color line. The redoubtable Mr. Cans appears to have left nothing to clean up—unless it be money and he has taken down a pretty liberal share of that.

The Fort Wayne fair, which will be inaugurated next Tuesday, gives promise that all former exhibitions will be surpassed. The association has made larger appropriations and more complete arrangements than ever before and only the weather remains an uncertain factor. Otherwise, there will not be found wanting anything to make it the greatest show of the sort Northern Indiana has ever seen. Exhibits will be complete, the speed card is par excellence and the miscellaneous attractions inseparable from an agricultural fair will have greater variety and interest than ever. With favoring weather the attendance is expected to greatly exceed that of any former meeting and every day will be the "big day."

The anti-Japanese riots at Vancouver have thrust the British government into an embarrassing situation—an embarrassment more serious, indeed, than that which confronted this government as a consequence of the anti-Japanese outbreaks in San Francisco a few months ago. Great Britain must make reparation for murderous assault upon the subjects of one of the closest of her allies and furnish some guarantee that these aliens will be put in full enjoyment of their rights in British territory. This latter will be difficult. The race feeling is one that takes little note of treaty rights and other international obligations. The Britons of Vancouver and other British territory

in Western North America are much stirred by the pouring in of orientals and national embarrassment will not weigh much against the hostile feeling now manifesting itself in the race riots. It is an interesting coincidence that just as an outbreak against the Hindu coolies at Bellingham, Wash., had brought this government face to face with complications with Great Britain, that government should become similarly though more seriously involved because of outrages directed against the subjects of her most cherished ally. The race spirit will subside in Vancouver and other British territory as it has in San Francisco, but it will have the effect of impairing the cordial relations between Great Britain and Japan.

While the father of Alice and those close to him are reiterating his determination not to run for it again the husband of Alice in far-off lands is composedly saying that father-in-law is firm in his determination not to try it save in case there is something like a unanimous call from the people—the republican party, that is. Impossible to say how near Nicholas comes to have voice by the card, but he certainly expresses a conviction that is large and persistent in a surprising number of intelligent and perspicacious minds. And it really is surprising, in view of the president's repeated statements that under no circumstances will he be a candidate, how many men, most of them republicans, are positive that when the next republican national convention meets Theodore Roosevelt will again be nominated and that he will accept. There is no absence of reasons for believing this. Those who want the president again—and those who do embrace a tolerably complete census of the rank and file of the republican party—are by no means ready to take without question Secretary Taft as a substitute for the president. What the president may specially desire is not a term interchangeable with what the party masses want. With Roosevelt in the game all the states are for Roosevelt. With Roosevelt out of the game New York will probably divide between Hughes and Cortelyou; Pennsylvania stick to Knox; Indiana go for Fairbanks; Wisconsin, after much turbulence and many party distresses, give a divided support to LaFollette. Among these some other states will apportion their forces. And the sum of it all will be a heavy show-down for Taft with his nomination uncertain, though probable. But with a Roosevelt hurrah started in convention and the least point upon which to hang a shred of hope that he would not decline a tendered nomination the man in the white house would be sent to the front of the line again to lead the charge. But to return to Nick, that happy man seems to be fairly due to hear from his wife's folks.

The Policy of the Wide Open Town

Some Facts Set Forth and Some Fallacies Exposed—A Slander to Say People of Fort Wayne are in Favor of Lawlessness—Restriction of the Liquor Traffic a Necessity—What Senator Carmack, Henry Watterson and President Roosevelt Have to Say.

To the Editor of the Sentinel:—Since the inauguration of the present movement for a better enforcement of the laws in this city, I have noticed in the public press three—only—apologies or excuses for conditions which have so long existed here.

One contention is to the effect that the people of Fort Wayne desire a "wide-open town," in all that the term implies.

Another contention is that enforcement of the laws restricting the liquor traffic increases the sale of liquor and adds to the amount of drunkenness, with its attendant evils.

A third contention is that all who are outspoken in denunciation of lawlessness or active in securing the punishment of law-breakers, are "fanatics" and "cranks."

Neither of the above points has been proven, nor is any one of them worthy of extended consideration or reply.

The statement, reiterated by recent occupants of the mayoralty office in Fort Wayne, until it has come to be believed by some that a wide-open town is desired by a majority of our people, is simply an expression of opinion. It has never been proven, nor is it likely to be, because the issue is always involved at election time with multiplied other questions of municipal policy. Personally, I believe the statement to be a cowardly slander upon the moral integrity of our people, and against the good name of our city. If a vote could be had upon the bald question, shall liquor dealers, who have already been granted privileges by law outrageous in excess of any demanded or asked for by other classes of merchants be permitted to override the laws and trample the enacted statutes of the state under foot, while other citizens are expected to obey them implicitly; and if the vote could be taken independent of any other question of municipal interest or economy, there can be no doubt but that the result would be an overwhelming rebuke to those who maintain that our people want wholesale violation of laws by a privileged class, and widespread desecration of the Sabbath day. Of course, there is no way by which the truth can be proven, pro or con, but the opinion of those who have faith in the integrity of our people is worth as much as that of such as believe we are a city given over to lawlessness, or of such as violate the laws or sympathize with that evil consummation.

The arguments (?) far-fetched from Missouri, and based upon the assurance of brewers and liquor dealers of St. Louis, that the enforcement of laws in that delectable city has increased the sales of spirituous, vinous and malt liquors, is almost too ridiculous for any consideration at all. It is an open secret that not only in Fort Wayne, but elsewhere over the country the breweries and distilleries are behind the saloon; that a large majority of the saloons are owned or stalked by liquor makers. If this be true—and all the world knows it to be true—is it not a little too much to ask even a confiding public to believe that the brewers are fighting a measure which increases the output of their factories? No longer ago than last week there was a gathering at Cincinnati of representatives from the great breweries of the country; a secret meeting to devise means of opposing the mighty movement of the people for the decent enforcement of law. If the two breweries of this city will unite with us in asking Mayor Hasey to put the lid on tight, and keep it on, the Good Citizens' league will at once turn its attention to other avenues of lawlessness. And if putting on the lid would increase the sale of beer, does anybody believe the brewers would hesitate a moment? Well, hardly.

And now, in closing, just a word as to the third contention. It may be, as claimed, that the thousands of citizens of Fort Wayne who believe that laws in America ought to be enforced, as laws in England, Germany and France are enforced, are "fanatics" and "cranks;" that the bankers, merchants, clerks, artisans, engineers, conductors, lawyers, doctors and other citizens connected with the league are all wrong, and that the law-breaking elements of the city and their apologetes all are sane and right; but let us note the views of a few distinguished Americans who cannot be accused of being either temperance cranks or religious fanatics, and see how they stand with reference to this subject.

Senator Carmack, of Tennessee, who is neither a crank nor fanatic, says: "I am weary of saloon domination. I am weary of the saloon's open alliance with vice, its open contempt of law. I am weary of a condition of things where the man whose business it is to make the laws, must hold his office by consent of the man whose business it is to break the laws."

Henry Watterson, the editor of the Louisville Courier Journal, a bourbon of bourbon, a man who has never been charged with temperance sympathies or proclivities, says: "Every office, from the president's down, is handed out over a saloon counter."

President Roosevelt is neither a crank nor fanatic on the temperance question, but this is what he thinks and dares to say: "The friends of the saloon-keepers sometimes denounce their opponents for not treating the saloon business like any other. The best answer to this is that the business is not like other business, and the actions of the saloon-keepers themselves conclusively prove this to be the case. Taken as a whole, the liquor business is certainly not a business which stands well in comparison with other occupations. It tends to produce criminality in the population at large, and law-breaking among the saloon-keepers themselves. In every civilized community, saloon-keepers are hampered by more or less rigid restrictions. They do harm enough as it is, but without these restrictions they would do infinitely more. When the liquor men are allowed to do as they wish, they are sure to debauch not only the body social, but the body political also."

Are these words true? Are they prophetic of conditions in Fort Wayne? Let some one answer who is neither a "fanatic nor crank."

whose business it is to break the laws."

President Roosevelt is neither a crank nor fanatic on the temperance question, but this is what he thinks and dares to say: "The friends of the saloon-keepers sometimes denounce their opponents for not treating the saloon business like any other. The best answer to this is that the business is not like other business, and the actions of the saloon-keepers themselves conclusively prove this to be the case. Taken as a whole, the liquor business is certainly not a business which stands well in comparison with other occupations. It tends to produce criminality in the population at large, and law-breaking among the saloon-keepers themselves. In every civilized community, saloon-keepers are hampered by more or less rigid restrictions. They do harm enough as it is, but without these restrictions they would do infinitely more. When the liquor men are allowed to do as they wish, they are sure to debauch not only the body social, but the body political also."

Are these words true? Are they prophetic of conditions in Fort Wayne? Let some one answer who is neither a "fanatic nor crank."

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply nerves, and must have more power, more stability, more controlling, more governing strength. Without that the heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is aimed directly to these weak and wasting nerve centers. It builds up strength; it offers real, genuine heart help.

If you would have strong Heart, strong digestion, strengthen these nerves—re-establish them as needed, with

A. W. JAXTHEIMER NEW
PRESIDENT OF
MERCHANTS

Retail Association Has Had
Vast Growth in Past
Year.

Closing a year of splendid growth and progress in which its membership has more than trebled, the Fort Wayne Retail Merchants' association at its meeting Monday evening elected officers for the new year as follows:

A. W. JAXTHEIMER,
New President Fort Wayne Retail Merchants' Association.

President—A. W. Jaxtheimer. Vice President—L. J. Libbing. Secretary—Harry F. Kennerk. Treasurer—Elmer E. Hite.

The meeting was held at the Commercial club rooms, and the retiring president, Walter R. Seavey, was warmly congratulated upon the efficiency of his administration which was modestly set forth in his annual report. Mr. Seavey referred to the good-fellowship existing between the business men, and cited the fact that the membership of 74 a year ago had increased to more than 250. Mr. Seavey set forth a number of instances in which the association had been effective in bringing about better conditions of interest to its members. It is the universal opinion of the merchants that Mr. Seavey has made one of the best officials ever chosen by that body.

Left It to Members.

The question of closing the business houses on Friday of fair week was left to the association members as individuals. There was in some quarters a belief that it would be unjust to the visiting public to close the business houses entirely on any day of the fair, but the merchants announced their intention of allowing employees an opportunity to visit the exposition, whether the stores were closed or not.

Many applications for membership from members of the Retail Butchers' association were received and accepted, and it was to some extent this fact which enabled Mr. Seavey to announce the big gain in membership and to state that the treasury now contained more than ten times as much money as it did a year ago.

Another matter which came up was the exposed condition of meats upon the street markets, and the association determined to call the attention of the meat and milk inspector to this fact when he is appointed and see if a covered market cannot be provided.

Saved Her Son's Life.

The happiest mother in the little town of Ava, Mo., is Mrs. S. Ruppel. She writes: "One year ago my son was down with such serious lung trouble that our physician was unable to help him; when, by our druggist's advice, I began giving him Dr. King's New Discovery, and I soon noticed improvement. I kept this treatment up for a few weeks when he was perfectly well. He has worked steadily since at carpenter work. Dr. King's New Discovery saved his life." Guaranteed best cough and cold cure by Dreier & Bro., druggists. 50c and \$1.00. Trial bottle free.

How to Remain Young.

To continue young in health and strength, do as Mrs. N. F. Rowan, McDonough, Ga., did. She says: "Three bottles of Electric Bitters cured me of chronic liver and stomach trouble, complicated with such an unhealthy condition of the blood that my skin turned red as flannel. I am now practically 20 years younger than before I took Electric Bitters. I can now do all my work with ease and assist in my husband's store." Guaranteed at Dreier & Bro.'s drug store. Price 50c.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn, of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. Dreier & Bro.

The pinguicula is a plant which is a natural fly-paper. Its leaves are constantly covered with a sticky substance that traps all insects alighting thereon.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Praise Safer Than Blame.

Viscount de Belmont of Brazil was dining in a New York restaurant. Suddenly he put down his knife and fork and uttered an exclamation of approval.

"By Jove, a beautiful woman!" he said in the demonstrative southern way.

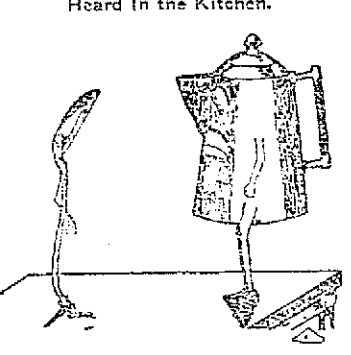

"She is my wife," the viscount's companion murmured modestly.

The young man laughed. "Excuse my personal remark," he said, "but it was much better than that of an Oxford friend of mine."

"My friend, on the boat coming over, stood in conversation with an elderly man on the promenade deck. Near by a woman sat in a deck chair. My friend, pointing to her, said, with a sneer:

"I wonder if that ugly old woman is actually trying to flirt with me?"

"I don't know," the elderly gentleman answered mildly, "but I can easily find out for you. She's my wife!"—Woman's Home Companion.

Miss Spoon—What are you looking so mad about?

Coffeepot—Mlad! I was so angry with cook yesterday that I just boiled over, and I'm not settled yet.—Bohemian.

Self Interested Generosity.

Edwin and Lisa, says the New York Press, are two little cousins of three who are almost inseparable and divide most of their goodies. One day Edwin had a whole cracker unbuttered and half a one which was buttered. He gave the former to Lisa, and his mother commended him for giving away the larger piece.

Little Lisa looked up aggrievedly. "Yes," said she, "he gave me the biggest, but he kept the butterest."

Too Deep For Him.

"Strange case, that of Mr. and Mrs. Harkins."

"How so? Divorces are common. I don't see anything so remarkable in the fact that they have separated."

"Oh, it isn't the separation. But here it is nearly two weeks since the decree was granted, and neither of them has got married again. I can't understand what the motive was."—Cleveland Leader.

The Way He Loved Her.

Three months after facing the parson together they were seated at the tea table.

"Do you love me still?" queried the young wife after the manner of her kind.

"Of course I love you still," he answered. "Now, keep quiet while I read the paper."—Leslie's Weekly.

What More Could She Ask?

"You used," she complained, "to treat me so affectionately and to use so many words of endearment when you spoke to me. Now you are so matter of fact."

"Well," he replied, with a yawn, "didn't I prove by marrying you that I liked you?"—Judge.

Silly Question.

"But," asked Miss Prim, "didn't you scern when he kissed you?"

"Nonsense! Of course not," replied Miss Koy. "His mustache didn't tickle as much as all that."—Philadelphia Press.

SOCIETY

Over seventy young girls were invited to Miss Eliza Hanna's tea this afternoon to meet Miss Helen Harper who is going to Rockford, Ill., to attend college and Miss Hadie Dawson, who will accompany her mother on a trip to Europe in October. Miss Dawson could not be present this afternoon and Miss Hanna and Miss Harper, with Miss Hanna's cousin, Miss Jessie Heckman, received the callers. Miss Almo Rothschild and Miss Mabel Hull assisted in the dining room where Mrs. Edward White and Mrs. Minnie Graves Brown presided at the refreshment table. The rooms were decorated with artistic effect in Japanese sunflowers and goldenrod.

Josephine Henderson was twelve years old yesterday and celebrated the event in the merriest way that a little girl can, that is by inviting other little girls to her home to a party. The hours were from 4 to 8 o'clock, therefore a substantial supper was one thing on the program of entertainment. A game which all enjoyed was sketching a picture on a blackboard of an animal. To know what animal to draw was decided by the picture on a card which every one selected. Prizes in this contest were won by Helen Puckett and Geneva Rogers. Thelma Reul recited and there was music and other enjoyable things. At supper the decorations of the dining room were in pink and white. The birthday cake was topped off with pink candles and there were favors of little pink and white paper baskets filled with candy for each guest. Miss Irma Henderson and Miss Margaret Long assisted the younger children in their games and Mrs. W. D. Henderson, Josephine's mother, who really did all the planning for the party, was assisted in serving by Mrs. Mason Long and Mrs. Perry Archer. Two little girls, younger than the rest of the company but particular friends of Miss Josephine, who attended the party, were Charlotte Auger and Dorothy Bosbart. Other guests were Geraldine Barton, Marguerite Flick, Avis Metges, Georgia and Corinne Leedy, Marian and Helen Puckett, Helen Houck, Margaret Morgan, May Clutter, Margaret Stratton, Mildred Archer, Edith Keeran, Celia Ahern, Lillian Wilding, Gretta Scroggy, Dorothy Heaton, Henrietta Martlette, Geneva Rogers, Olive Spalding, Hope Graeter, Thelma and Helen Reul, Louise Tyger, Irene Davis, Viola Welty.

The engagement of Miss Elizabeth Cunningham, daughter of James Cunningham, of Masterson avenue, to Bernard A. McHugh, is announced. The wedding will take place in October.

Mrs. Daniel Kraft is in Chicago visiting friends and relatives. Mrs. G. H. Heine has returned from a visit with friends in Chicago. Mr. and Mrs. Sam Wolf have returned from a trip to New York city. Miss Helen Harper will leave on Thursday for Rockford, Ill., to enter Rockford college.

Miss Clara Schroeder, of St. Louis, is visiting Miss Bertha Pageler, of Montgomery street.

Miss Ethel Fryer has returned to New York after spending the summer here with relatives.

Miss Grace Fitch will leave soon for Lansing, Mich., to attend a school for domestic science.

Miss Flora Diefenbaugh is in Huntington visiting her brother and will remain several weeks.

Miss Ethel Rebling, of 2219 John street, went to Chicago this morning for a visit with friends.

Misses Tena Fey, Adelia Bouker, Anna Koellinger and Ruth Inman have gone to Lake James for an outing.

Miss Kelsey and Miss Callie Kelsey, of Washington boulevard west, have returned from a four weeks' outing.

Lawrence McFerran, of New Decatur, Ala., is visiting his grandmother, Mrs. Jane McFerran, of West Jefferson street.

Mrs. Edgar Pfeiffer will entertain the Psi Alpha Gamma members this evening as a compliment to Miss Pearl Kieley.

Mr. and Mrs. R. W. T. DeWald have started on a trip which will include a visit in Indianapolis and then a trip to St. Louis, Mich.

The sewing society of Deborah Rebeck lodge will be entertained by Mrs. A. Lackey, 1206 Columbia avenue, tomorrow afternoon.

Miss Louise Pollens will leave on Saturday of this week for Champaign, Ill., to resume her architectural studies at Illinois university.

Mr. and Mrs. John T. Fratis have returned from an eastern trip of two weeks' time, part of which they spent visiting in New York state.

The Misses Edith and Bertha Kraft have returned from Toledo, where they were guests of Mrs. Mary Welshofer and Mrs. Louis Volk.

Mrs. E. H. McDonald and Miss Mary McDonald have returned from Rome City, where they spent the summer at the McDonald cottage.

Mr. and Mrs. Fred M. Smith, Miss Peltier, Miss Isabel McClure and Messrs. Fred Ash and Will Peltier have returned from Rome City, where they formed a house party at the Glady cottage for a few days.

Mrs. E. S. Baker has returned from a visit with friends in Lafayette.

Miss Eloise Cromwell and Miss May Perrin, of Jackson, Miss., are visiting Mr. and Mrs. C. D. Tillo.

G. W. Pixley and daughter, Miss Louise Pixley have come on an eastern trip which will include Africa, N. Y. and a tour of the large cities.

Mr. and Mrs. W. P. Breca and John Morris have returned from a trip which included visits in Portland, Me., New York, Cape May and Jamestown, N. Y.

Rev. Dr. S. Wagenhals will return on Thursday from Ebensburg, Pa., where he spent a month with his family, who will remain there a few weeks longer.

Mr. and Mrs. Otto W. Volland have returned from their wedding trip and have begun housekeeping in a home on the corner of South Wayne and Creighton avenues.

Miss Daisy Campbell, a teacher in the Plymouth public schools, returned to that city yesterday after a visit with Mr. and Mrs. Fred Lenz, 428 Madison street.

The marriage of Miss Agnes Pequinot, of Rossmore, and Mr. Samuel G. Keker, of this city, will take place in St. Joseph's Catholic church in Rossmore on Wednesday morning.

Miss Minnie Frost, of South Calhoun street, has returned from visits in Montague and Detroit, Mich. Next week Miss Frost will leave for Riverside, Cal., to spend several months.

Mr. and Mrs. A. J. Vesey are home from an automobile trip of ten days during which they visited Wawasee, Goshen, Elkhart, South Bend, Logansport, Richmond, Indianapolis and other places.

Mr. and Mrs. W. A. Ransom and Mrs. H. C. Eastwood have returned from an outing at Lake James. Mrs. Eastwood will leave on Thursday for Philadelphia to spend the winter with her daughter, Mrs. F. J. Siebold.

Mrs. Alexander Muirhead and Miss Laura Muirhead have returned from Seattle, Wash., where they visited other members of the Muirhead family for several weeks. Miss Mildred Muirhead who accompanied her mother and sister on the trip will remain west two weeks longer.

The Bachelors' club of the Knights of Columbus will open the season on Thursday evening by giving a reception and dance in K. of C. hall. An orchestra will furnish music and supper will be served. The committee in charge are Messrs. J. F. O'Connor, Clemens Weber and Thomas Quinn.

Miss Mary Carroll, of West Williams street, celebrated her natal anniversary last evening when she entertained at pedro. The rooms were prettily decorated, the parlors in yellow flowers and the dining room in red and pink roses. The guests were Misses Mary Conroy, Mary Danohy, Kate Gallagher, Rosella McConnett, Blanche Gaffney, Cora Greer, Edith Corcoran, Margaret Murphy, Miss Tyrrel, of Fort Worth, Texas, and Messrs. Frank Hanley, John Kavanaugh, Tom Connelly, Joe Zurbach, Paul Knudop, Henry Helny, Henry Braun, Edward Dorchelmer, James Conroy.

Miss Coletta Nern, of 2712 Maumee avenue, was hostess for a "farewell" party on Monday evening. There were games played and dancing was an amusement after supper. The guests who enjoyed the party were the Misses Monica Baeter, Loretta Ankenbruck, Angela Baites, Louise Heine, Marie Labbe, Celia Neameyer, Catherine Thiele, Dorothy Rolling, Loretta Reiling, Edna Vondorau, Edith Robinson, Theresa Kegenman, Ella Wulfa, Ellen McNulty, Anna Lauer, Alice Fry, Antoinette Mechan.

Miss Nern is going to Milwaukee to live and the party was in honor of her departure.

Church Society Meetings.

The Lakeside division of the Ladies' Aid society of the First M. E. church, will meet tomorrow afternoon with Mrs. Kelker, 1216 Rivermet avenue.

The Woman's Aid society of Grace Reformed church will meet at 3:30 o'clock Thursday afternoon in the lecture room of the church. The ladies will serve their regular monthly supper from 5 to 8 that evening.

In place of the weekly prayer meeting on Wednesday evening services will be held at 7:30 o'clock on Thursday evening.

The ladies of Christ Lutheran church will have a rubber social on Thursday evening in the basement of the church, corner of Webster and Jefferson streets.

GOVERNMENT CROP BULLETIN.

Corn, Spring Wheat and Oats Show Deteriorated Condition.

Washington, Sept. 10.—The crop reporting board of the bureau of statistics of the department of agriculture in its report today finds as follows: Condition of corn on Sept. 1 was 80.2, as compared with 82.5 last month, 90.2 on Sept. 1, 1906, and a ten-year average of 81. The average condition of spring wheat when harvested was 77.4, as compared with 79.4 last month and 83.4 for 1906 at the time of harvesting. The average condition of the oat crop when harvested was 65.5, against 75.6 last month, 81.9 on Sept. 1, 1906, and a ten-year average of 82.6.

CARACUL WRAPS

NEW FALL FUR COAT

This stunning coat of caracul skin is made in the newest Parisian style. The body of the garment is loose both back and front and is so long that it will be equally serviceable as a street wrap or for evening wear. The big kimono-like sleeves flare from the shoulder seam and are given quite an elaborate touch by the under cuff of lace, that drops in pretty folds over the lower portion of the arm. The neck is cut so low that it will not crease or disarrange soft collar worn with a reception or theater frock.

For carriage or automobile wear this garment will be decidedly useful, for it is comfortably loose and warm.

AUTO RACE VICTIM GETS ON.

Pittsburg, Pa., Sept. 10.—Walter Christie, president of the Christie from works of New York, who was injured yesterday afternoon in an automobile accident during the races at Bruno's Island, near this city, passed a fairly favorable night at the hospital. He is suffering from a broken wrist, a badly lacerated hand, a sprained back and injuries to his abdomen.

RETIRED NAVAL OFFICER DIES.

Washington, Sept. 10.—The navy department has been notified of the death of Commander Simon Cook, U. S. N., retired, at St. Louis. He was a native of Illinois, entered the navy as a cadet in June, 1873 and served in the Spanish-American war. He was an inspector at the Memphis headquarters of the sixteenth light house district.

COMMITTEE MEETS MAYOR.

The committee of the best element of colored people in the city, which was appointed last week to call upon Mayor Hosey, had a conference with him last night and assured him of the aid of the members in apprehending colored criminals. They complained of a negro resort on Chicago street and asked the mayor to have it suppressed.

TRY THE SENTINEL WANT COLUMN

FAMILY FOOD

Crisp, Toothsome and Requires No Cooking.

A little boy down in N. C. asked his mother to write an account of how Grape-Nuts food had helped their family.

She says Grape-Nuts was first brought to her attention on a visit to Charlotte, where she visited the mayor of that city who was using the food by the advice of his physician. She says:

"They derive so much good from it that they never pass a day without using it. While I was there I used the food regularly. I gained about 15 pounds and felt so well that when I returned home I began using Grape-Nuts in our family regularly."

"My little 15 months old baby shortly after being weaned was very ill with dyspepsia and teething. She was sick nine weeks and we tried everything. She became so emaciated that it was painful to handle her and we thought we were going to lose her. One day a happy thought urged me to try Grape-Nuts soaked in a little warm milk."

"Well, it worked like a charm and she began taking it regularly and improvement set in at once. She is now getting well and round and fat as fast as possible on Grape-Nuts."

"Sometime ago several of the family were stricken with LaGrippe at the same time and during the worst stages we could not relish anything in the shape of food but Grape-Nuts and oranges, everything else nauseated us."

"We all appreciate what your famous food has done for our family. 'There's a Reason.' Read 'The Road to Wellville' in packages."

Dainty Frock for Small Girl

—BY MRS. JANE FORD—

Empire dresses for children are always serviceable and are unquestionably the most picturesque style for afternoon or formal wear. The design shown here buttons in the back and can be made with or without the bertha collar and with either long or short sleeves.

The pattern is cut in three sizes, for children from one to five years of age. For a child three years old the dress as on the figure requires two yards of material thirty-six inches wide, or one and three-quarters yards forty-two inches in width.

For this model plain white mull, Paris lawn or organdies are pretty if trimmed with Valenciennes insertion and edged and finished off with ruffles of soft ribbon. If one wants something more elaborate, China or pompadour silk in either white or color will be effective. On the former hand embroidery in empire designs and flowers in natural shades make dainty ornamentation. If the latter is

be attractive. Rosettes of green baby ribbon that match in color the green of the leaves will be sufficient decoration.

Dresses of handkerchief linen made after this pattern are hand embroidered in eyelet and satin stitch and worn over colored China silk slips. The slip is made from the same pattern as the frock, and if both are basted together at the neck, armholes and waist they will set better when worn.

(These patterns are designed by Mrs. Jane Ford and published by The Independent-Peoples Pattern Co., 107 West Twenty-fifth street, New York.)

COAL DEALERS BELIEVE

THEY ARE A MUCH MALIGNED LOT

Some Figures Showing

What it Costs to Deliver Coal in Fort Wayne.

Somewhat erroneous is the impression with the public that coal men are "robbers," that their prices are very high and their profits enormous. Reputable dealers in this line inform The Sentinel that the net profit on a ton of Anthracite coal delivered at \$7.50 per ton, is but six per cent.

One well known dealer asks: "What business man in Fort Wayne is able to conduct his business on that small margin?"

The following clipping from the Chicago Daily News is further explanatory:

"The retail coal dealer writing to the Chicago Daily News brings out the following pertinent thoughts: Ten or fifteen years ago we bought coals at 25 to 30 cents a bushel, and had at \$5 to \$10 a ton. A good horse could be bought for \$75 to \$100. At that time we sold and delivered coal at \$1.00 margin per ton. Today we pay 50 to 55 cents a bushel for coals, and \$10 to 12 a ton for hay. At the same time the margin on coal is less than \$1 a ton. Labor costs from \$4 to \$5 more per week. The cost of living has advanced 25 to 50 per cent, but our margin on coal has not advanced one cent. Taking everything into consideration I don't think that there is a business in existence today that is so handicapped and abused as is the coal business. And the trust gets the benefit."

The freight charges on a ton of anthracite coal from the mines in Pennsylvania is \$3.50 per ton, which makes the cost on track at Fort Wayne \$6.25 net per ton; cost to unload in bin, 10 cents per ton, and 70 cents per ton for delivery, making the total cost \$7.05 per ton. No allowance is made for shrinkage or screening.

Hocking Valley lump costs on track in Fort Wayne \$3.00 per ton, with the fixed charges for unloading and delivery of 80 cents, making the total \$3.80. Hocking lump sells at \$4.50, a net profit of 70 cents per ton. The loss on shrinkage on soft coal is double that of hard.

GLAZED ONIONS

Mild onions are required for this way of cooking. Melt one-half cup butter in a saucepan, then put in as many peeled onions as will fit in without crowding. Move about until all are well coated with butter, sprinkle with a tablespoonful sugar, then pour over the onions a well flavored soup stock, well salted (if you have no stock on hand, dissolve a little beef extract in hot water), and simmer until the onions are tender. Take off the lid of the saucepan and let the stock simmer down to about one-half cupful. Serve in a heated covered dish as an accompaniment to a roast of mutton.

STEEL PASSENGER CARS.

EASTBOUND TRAFFIC HEAVY.

Many Railways Will Adopt Them and Place Orders for 1908.

The steel car builders and many of the railway officials have arrived at a satisfactory agreement as to the price for passenger cars and more steel cars will be built for next year's delivery than appeared possible a few weeks ago. The agreement has headed off the placing of contracts for wooden passenger cars that were about to be placed by the railways and orders for the all steel car will be the result. The Pennsylvania is building thirty-five all steel passenger cars at its shops in Altoona and the first of these will soon be completed. It is said they will go into service between Pittsburgh and New York.

TRIED TO PREVENT ACCIDENT.

The Logansport Pharos relates the following: "Wabash railroad officials are well pleased with the way Harry Evison, an operator at Lebanon, acted during a wreck there last week. Evison is only a boy, and had only been at Lebanon a couple of weeks. In some way he learned that the flat cars, which were meant for the siding, had gone out on the main track, and realizing the danger of the coming train, which he knew would smash into it, telegraphed Williamsport immediately to hold the train, and after finding that the train had left that place, picked up a lantern and started in time to save the crew. He arrived at the point only to find, as he had expected, that he was too late. There was nothing else for him to do but help the injured crew, which he nobly did."

NEW ENGINES SATISFACTORY.

The three Walshear gear passenger engines put in service on the Fourth district of the Nickel Plate several weeks ago are giving good satisfaction and the engineers who handle them believe them to be a much better engine than the old ones. They make daily trips over the line. No. 187 hauling trains 2 and 3 with Engineer Dennis McCarthy and W. D. Miller alternating at the throttle; No. 126 hauling trains 4 and 5, with Engineer Frank Telley and Samuel Hooper at the throttle or alternate days, and engine No. 185 hauling trains 6 and 1 with Engineer Simon Cougan and James Hardigan at the throttle. Engines 178, 176 and 181, running on the Third district, originally piston valve engines, have been changed to slide valve and are also giving the best of satisfaction.

Nickel Plate Fireman W. A. Coulter is suffering from the mumps and will probably be off duty a week or two.

L. J. Cuthall, a car repairman, and Robert Watson, a laborer at the east shops, are new Pennsylvania employees.

A new clerk at the Bowser works is Roderick Fitch, who was formerly employed at the Pennsylvania freight house.

L. J. Shuler, representing the Marshall Furnace company, of Marshall, Mich., is in the city installing some furnaces.

Charles W. Wilt, formerly with the F. P. Wilt grocery, took a position at the Pennsylvania store room this morning.

Ben Evers and D. Kern, machinists' helpers, the latter from Chicago, took positions at the Wabash shops this morning.

George Canada, a pipefitter at the Wabash shops, resigned this morning for the purpose of resuming his studies at school.

Engineers George Ek and W. L. Harris and Fireman F. N. Martin, of the Pennsylvania, are off duty on account of sickness.

P. C. Evans, a Wabash yard fireman, who was scalded a week ago, has recovered and will resume work tomorrow morning.

Elmer E. Cummings, who was spending a two weeks' vacation at Rome City, has resumed his duties at the Bowser works.

Master Mechanic G. W. Smith and Chief Clerk P. A. Thompson, of the Wabash, are at Montpelier today on business for the company.

Machinists W. F. Vogeler and William Berning resumed work at the Pennsylvania shops this morning, after a vacation trip to the lakes.

Adolph Burton, a puddler who resigned a position at the Fort Wayne Rolling mills recently, has gone to Cleveland to take a similar position.

The Continental Limited, No. 1, on the Wabash, was nearly two hours late when it pulled into Fort Wayne today. Delay was caused east of Detroit.

Several Baltimore and Ohio firemen were in the city yesterday seeking employment on the Nickel Plate road. Business on the B. & O. is light.

C. A. Shafer and H. E. Lonergan are sick and off duty, and L. J. Cox has recovered from an illness and resumed his duties at the Pennsylvania shops.

Alumps has made its appearance among the employees of the Pennsylvania, the latest victim being J. E. Hayes, a machinist at the round house.

Machinist J. English, of the Pennsylvania shops, working in the night gang, had the second finger of his left hand crushed last night and will be off duty for awhile.

Machinist T. F. Gaskins resigned his position at the Wabash shops this morning. He has a trip to Panama in contemplation and may leave next week for that country.

Mr. and Mrs. Bine Baughman, who had been visiting Foreman Joseph Kinkead, of the Pennsylvania shoe shop, and his wife, left last night for Kenton, Ohio, their home.

Henry Uhlirhake, night caller at the Nickel Plate round house, and his wife and daughter, left Sunday for Hamilton, Ohio, where they will spend a week with friends.

Yardmaster W. E. Rowe, of the Wabash, gave employment to Switchman Davidson this morning. The new switchman recently came from the Duluth and Iron Range road.

Mr. and Mrs. James Anderson left at noon today for Rock Rapids, Iowa, where they will visit Mrs. Anderson's brother, who is said to be very sick.

Mr. Anderson is a G. R. & I. engineer. L. B. Burgess, who represents the Nickel Plate at Kansas City, passed through the city today, en route home. He is on a train load of veterans to leave last Sunday.

William Bittler, water superintendent for the Pennsylvania, is slowly recovering from a sickness which has kept him within doors for over a week. This is a new experience for Mr. Bittler.

Tomorrow the Pennsylvania will get out a new engine crew list which will meet the changed conditions brought about by the transfer of extra engineers to the regular list and the promotion of others.

Adolph Kampe has taken a position with Shop Clerk J. H. Hobrock, of the Pennsylvania. Mr. Kampe was employed in the Pennsylvania freight office for awhile and later with the Indiana Road Machine company.

Wabash engine 1894, which figured in the disastrous boiler explosion near St. Thomas, Canada, several weeks ago, has been rebuilt at the company's shops in this city and will be returned to the Buffalo division tomorrow.

The Sentinel yesterday unintentionally omitted the name of J. E. Crowley in its mention of the engineers who have been transferred from the extra to the regular list of the Pennsylvania. Mr. Crowley is now running a work train engine at Plymouth.

Sunday at Rome City Foreman A. C. Schmeizer, of the machine shop at the Bowser works, threw his expert minnow into his little son's face and the hooks fastened themselves in the lad's cheek. A surgeon was called upon to remove the hooks from the fish.

John W. Dickens, draughtsman at the Bass works, will go up Cedar creek tomorrow for a three days' fishing expedition if the weather remains favorable. More fish are caught in the streams nowadays than at the lakes and fishermen are fast finding it out.

E. K. Allen resumed his duties at the shipping office of the Fort Wayne Electric works this morning. Mr. and Mrs. Allen returned from a vacation trip in Ohio last night. They visited friends in Cleveland, Oberlin, Elyria, Wauseon and Norwalk and had a most pleasant time.

Yard Conductor James Nicholson, of the Nickel Plate, has returned to work after a week's visit with relatives at Soranton, Pa. His daughter, who has been spending the summer with relatives at that place, returned with her father and resumed her studies at school.

Samuel G. Kelker and Miss Agnes I. Piquignot will be married at St. Joseph Catholic church in Roanoke at 9 o'clock tomorrow morning and after the ceremony the bride and groom will start upon a wedding trip that will consume ten days. When they return they will engage in housekeeping at 610 West Third street. Mr. Kelker is a son of the veteran engineer, Tony Kelker, and is employed as an inspector by the weighing and inspecting association.

R. J. Lyons, assistant road foreman of engines of the Pennsylvania, wears a satisfied air today. Yesterday he assisted in threshing the crop on his farm, five miles out from the city, and the output was better than expected, though it was short of the crop of some of the previous years. Oats, Mr. Lyons says, turned out exceedingly well and his wheat fairly well, despite the adverse conditions which existed when the crops were growing. Mr. Lyons resumed work this morning.

QUARTERLY DIVIDEND CUT \$5.

Boston, Sept. 10.—A reduction of \$5 a share in the quarterly dividend of Calumet and Hecla Copper Mining company was announced today. The directors of the company have declared a dividend of \$15 a share against \$20 three months ago.

Spasms St. Vitus' Dance

Many persons who suffered untold agonies from epilepsies, fits, spasms, and St. Vitus' Dance are today well. The strengthening influence of Dr. Miles' Nerveine upon the shattered nerves having restored them to perfect health.

"I endured agony that words cannot express. I was a victim of St. Vitus' Dance, which followed a very severe spell of rheumatism. I doctored with a physician, but the more I took of his medicine the worse I got. My nerves were almost heart-broken, as well as physically exhausted from constant care. By the advice of a neighbor he procured a bottle of Dr. Miles' Nerveine. From the first dose to the last a continual change for the better was noticeable, and when I had taken eleven bottles I was well, and in robust health."

North Manchester, Ind.
"Our little Mary, had spasms for three years, and although we doctored with many physicians, he continued to grow worse until he had ten spasms in one week. About that time our attention was called to Dr. Miles' Nerveine. We began giving it to him. His improvement seemed slow, but when he had finished the fourth bottle the spasms had disappeared, and have not been seen now for years. We shall always recommend Dr. Miles' Nerveine."

A RIGID EXCLUSION TREATY MAY BE RESULT

Anti-Jap Riots in British
Territory are Likely to
Open Mikado's Eyes.

Washington, Sept. 10.—That a stringent exclusion treaty between America and Japan is nearer realization than the most optimistic administration officials could have believed forty-eight hours ago, is the judgment of the members of the diplomatic corps here.

This long sought object is expected to be attained perhaps as an indirect result of the mobbing of the Japanese at Vancouver in British Columbia last Saturday night.

Officials here deplore what they view as an unfortunate and unwarranted infraction of the treaty rights of the Japanese, but they do not fail to perceive at once the importance of arguing that this incident would probably have upon the negotiations between the state department and the Japanese ambassador looking to the drafting of a treaty that shall limit the incoming of Japanese coolies into the United States.

The belief that a treaty is now within sight is based on the conviction of officials that the Japanese government will now be brought face to face with the fact that it cannot discriminate between Great Britain and America in the matter of demands for fair treatment for its subjects. It must by this time be convinced that the problem is really a racial one.

PRETTY SMUGGLERS ARE CAUGHT WITH THE GOODS ON

Indiana Girls Had Valuable
Lace Opera Cloaks Hid
Under Their Wraps.

New York, Sept. 10.—Customs officers, after searching two young women passengers arriving here yesterday on the steamship La Gascogne, confiscated several thousand dollars' worth of jewelry and lace. The women, who said they were Misses Agnew and Catherine Barrett, 25 and 23 years old respectively, of French Lick, Ind., were allowed to go free. They were taken care of by a middle-aged man, who said he was Professor Rudolph von Bachellet, a chemist of Chicago, who, it is said, is engaged to one of them.

When they left the steamship both of the girls wore long coats reaching almost to their heels. This aroused the suspicions of the customs officer, and when about \$50 worth of goods that the officials alleged had not been declared was found in their trunks the two girls were invited to step into a little house on the pier.

Costly Laces Pierced Hidden.
There they were compelled to remove their long coats, and underneath it was found each of the girls had on a beautiful long lace opera coat worth at least \$500. Both of the girls broke down and wept, and Bachellet criticized the inspectors for their action.

When asked if they had anything else that had not been declared both insisted that they had not, but the inspectors refused to believe them, and two women inspectors were sent for. When they arrived the girls were taken to a stateroom on the ship and made to undress.

The inspectors, Miss Ellsworth and Miss Allen, made a thorough search, and hanging to Miss Agnew's waist they say they found a cloth jewel bag containing valuable bracelets, rings and jeweled necklaces. Nothing was found on the younger sister.

All of the goods were confiscated by the officials. The girls told the inspectors they conducted a manœuvre and hairdressing establishment in French Lick.

Modeste is Arraigned.
Mme. Celeste Hughes, a Pittsburg modiste, one of the alleged smugglers arrested Sunday when the customs inspectors seized Paris gowns worth \$40,000 from forty French women on arrival of the steamer La Savole, was arraigned yesterday before United States Commissioner Ridgeway. She was held under bond for further examination.

Mme. Hughes stated before the commissioner that she brought back the gowns for a Mrs. Blesher of this city, who had been compelled to leave Paris before the gowns were completed. Mme. Hughes said Mrs. Blesher failed to keep her promise to come to the pier to claim her property.

NEGRO LEGISLATOR QUILTS.

Atlanta, Ga., Sept. 10.—W. H. Rogers, of McIntosh county, the only colored member of the Georgia legislature, today resigned his seat in the general assembly. Mr. Rogers gave no reason for his act, but it is believed that the passage of the negro disfranchisement bill by the last legislature influenced him.

Mrs. Charles A. Dunn was operated upon for tumor and appendicitis at the Lutheran hospital yesterday. She is believed to be settling along well and the surgeon holds out the best hope of recovery.

Max Hill went to Logansport on business this afternoon.

James J. Kennedy has come to Logansport to take a course of civil engineering at Purdue.

THE WARRANTS FOR EX-GOV. TAYLOR SUSPENDED

Kentucky Court Takes Action to Get Fugitive Back
Into Kentucky.

Lexington, Ky., Sept. 10.—In the Franklin county circuit court today Judge R. L. Stout entered an order suspending the warrants issued against W. S. Taylor, former governor of Kentucky, who is charged with complicity in the murder of William Goebel and who is in Indiana. The action was taken on the motion of Commonwealth's attorney R. B. Franklin for the purpose of allowing Taylor to return to Kentucky and testify in behalf of Caleb Powers, who is soon to be tried the fourth time for the Goebel murder. Two requisitions have been made upon governors of Indiana for Taylor and both were refused. Attorney Franklin, in a statement, says that it is for the purpose of getting Taylor to make a statement in open court that his presence is wanted at the trial by the commonwealth, even though he comes as a defendant.

GLADIS SUMMERS UNDER
ARREST WITH WOMAN
AT MUNCIE
Revolted Testimony Heard
and Girl is Sentenced
by Judge.

[Special to The Sentinel.]
Muncie, Ind., Sept. 10.—Gladis Summers, thirteen years old, who says she came to this city from Fort Wayne at the request of a woman giving the name of Belle Favors, has been sentenced to the Girls' Industrial school by Judge.

The evidence in the case was of such a revolting character that the court heard it in private and immediately afterward ordered the arrest of the woman. She is well known to the police here and the arrest was made upon the complaint of people living in the neighborhood of the house occupied by the two.

GIRL RAN AWAY FROM HOME
Police Have Been Asked by Mother to Locate Her.

The Summers girl lived at 229 Grand street with her mother and the police and humane officer have been appealed to to locate her. She went away from home about a week ago with Mary Mohler, who lives on Exchange street and met two young men with whom they went to a road house. They drank beer and the Mohler girl was contented since that she did not know what became of her companion. The mother of the Summers girl is an invalid and has been greatly worried by the disappearance of her daughter.

QUESTION OF EXPENSES SOBERLY VEXES CITY OFFICIALS

Policemen Cannot Get Raise
If Nine New Firemen are
Appointed.

If nine firemen are added to the city department and the city patrolmen get a raise in salary the tax levy will have to be raised unless street improvement appropriations are cut down or the present estimates for next year are trimmed all along the line. This state of affairs worries Mayor W. J. Hosey and Controller A. M. Schmidt in the face and is proving a serious proposition since the city attorney has decided the council has the right to raise the pay of the employees.

The ordinance providing for the nine firemen has passed the council and is in the hands of the mayor for his signature, with the statutory limit of ten days in which to affix his name expiring tonight. These men are to be appointed principally for the purpose of providing a holiday of one day every week for the men on the force at present and there is some talk among the councilmen of letting this go by default so that the policemen can get their money. The matter will probably be thrashed out at the meeting tonight.

Mr. Hosey has not affixed his signature to the milk ordinance and stated today that he would not do so until he was certain about having the money to pay him without encroaching upon the other estimates. The salary is fixed at \$1,440 a year. There will be an increase in the levy of ten cents over the present dollar mark to pay for track elevation, but the disposition of the city administration is to not go above the dollar for any other expense, feeling that the advance for abolishing grade crossings is justified. The time for fixing the tax levy is growing very short and a decision on these questions will have to be arrived at. While there is an increase in the revenue coming from an increase in the pipe line tax of the gas company and the vendors licenses are cut out and this will make some difference in the receipts.

No Answer From Company.
The directors of the Home Telephone and Telegraph company went into session at 11 o'clock this morning and took an adjournment at noon, but did not notify the city authorities of any action on the question of stringing lighting wires on the telephone poles.

-let us deliver to your home a Buck's stove on approval

A WHITE ENAMELED OVEN WHICH INSURES CLEAN, WHOLESOME FOOD

—good health is largely dependent upon clean food
—clean food cannot be prepared in a dirty oven.

—a sanitary oven is even a greater necessity than a sanitary refrigerator—for during the process of baking, chemical changes render contamination doubly easy.

—why take great care in the preparation of a fine cake, for instance—then bake it in an oven, the seams and joints of which are filled with contaminating filth?

—Buck's white enamel is not a paint—but a white glass enamel—burned into the pores of the iron—and is practically everlasting.

—Buck's ovens are absolutely clean—a reason why you should own one.

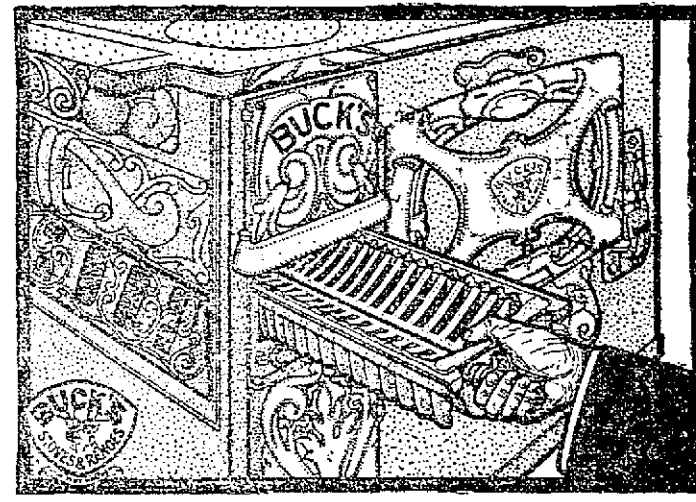

—here is the greatest stove offer ever made to the buying public of this city.

—through special arrangements with the Buck's Stove and Range Company we are enabled to deliver to any home in the city or vicinity, a Buck's range, cook stove, hard coal or hot blast heater for a thorough approval test.

—if the stove does not perform all of its functions properly—does not do all that we say it will do, we will cheerfully remove it and refund any payment that may have been made on same—and we will give you our written guarantee that we will do just as we say we will do.

*—this once-in-a-life-time-offer is based on our faith in these wonderful stoves
—you cannot afford to miss it.*

—take advantage of it today, as the offer stands good but for a short time.

THIS DUPLEX GRATE WILL REDUCE YOUR FUEL EXPENSES

—the first cost of a Buck's range is but a small part of the final cost—the range is so long-lived that it eats up many times its original price in fuel.

—a very small saving of fuel each day, means a tremendous saving during the life-time of the stove—a saving of many times the original cost.

—this duplex grate saves fuel—for it admits oxygen to the burning fuel in such quantities that all its heating power is exhausted and used.

—and further—this grate may be changed—in an instant—so as to burn either wood or coal—and it may be easily removed for cleaning or repairs—and without disturbing the water back.

—this is just one of many reasons why you should own a Buck's.

One dollar a week pays for any Buck's Stove or Range selected from our stock and sent to your home for free and thorough test.

GANS AN EASY WINNER; BRITT BREAKS ARM FOURTH ROUND

Colored Champion Was Battering White Boy Up When Fight Stopped.

San Francisco, Sept. 10.—After out-boxing Jimmy Britt throughout and after breaking the coast man's arm with his elbow while blocking a terrific left swing, Joe Gans was declared the winner of the lightweight championship battle here yesterday at the end of the fifth round. Britt was unable to respond for the sixth.

Even had the accident not happened, Gans was clearly the master. Bleeding and helpless, Britt stood stolidly through the fifth round, with his left arm limp and helpless. Had Gans been so disposed, he could have knocked him out at any time during this period. But, evidently fearing some trap, he contented himself by sending in rapid jabs at long range which cut his opponent's face and sent him staggering and helpless to his corner.

Arm Broken in Fourth.

The end really came at the close of the fourth, a round in which Gans had started to end matters. His terrific rights to the jaw had dazed the coast man, who had already shown that he could not hope to spar with the colored champion, and who put his whole energy into one wild swing for the stomach as the end of the round drew near.

Never moving his body, Gans dropped his left elbow and blocked the punch, stepping in at almost the same time to swing his left to Britt's bleeding face. Britt's own punch disabled him, and when he came up for the fifth it could be seen that all was over. When he walked back, almost helpless, he told his state to his seconds, and the fight was stopped while doctors were summoned.

While Gans sat confidently in his corner, showing never a sign of the conflict, physicians stooped over Britt and moved his arm to locate the fracture, a proceeding which brought tears streaming down his blood-stained face. There was little uproar until they announced their finding—that the arm was cleanly fractured—and then a torrent of applause for Gans broke loose.

Gans Is Not Marked.

Gans left the ring without a mark, the blow which reached him in the first round landing on the muscles of the neck. At no stage was he in difficulties, and, even had the accident not occurred, he would have put Britt away in a few rounds, had the current of the fight remained the same.

That interest in boxing is still at a high stage here was proven by the immense throng which gathered long before the gates were opened at the ball park. As the time approached for the go the line near the gates was four abreast. Twenty minutes after the grounds were thrown open it is estimated 16,000 persons were on the inside, even the standing room locations being packed. On hills overlooking the grounds, some as far as one block away, thousands of spectators were gathered.

Singing by a quartet preceded the bout and was drawn out long after 2 o'clock, the hour set for starting. Gans and Britt had already entered the grounds, but Willis Britt said that Gans insisted on his money in advance. Gans entered the ring at 3:15. His wife accompanied him from the dressing-room and took a seat by the ringside. Gans was dressed in a green flowered dressing gown of kaileidoscopic pattern. When he sat down in his corner, after thunderous applause, a pink and green quilt was placed over him to protect him from the chill wind which whistled from the leaden skies.

Britt, in a green bath robe and a red sweater, next entered the ring. He was accompanied by Spider Kelly, Tim Kreyling, Frank Rafael and Bob Corning. Gans was seconded by Alvie Kling, Kid North and Willie Keefe.

Battling Nelson on Hand.

There was another delay after the men had entered the ring. Several pugilists were introduced, and among these was Battling Nelson, who, after being paraded before the crowd, stated that he wished to fight Britt whether the San Francisco man won or lost. "Tex" Rickard, with delegation from Nevada, was much in evidence and

walked up and down about the ring, offering to bet 10 to 7 that Gans would win inside of eighteen rounds, or 2 to 1 that Gans would win, regardless of the number of rounds. Dennis O'Sullivan, the actor, had a seat near the ringside.

Some explanation of the long drawn out wait was given when some of the reserved seat holders arrived, hot and panting, after a hard struggle to get through the gate nearly one hour after the bout was scheduled to commence. The promoters, learning at the eleventh hour that the town had been flooded with counterfeit tickets, stopped every patron at the gate and subjected his ticket to a minute scrutiny. Many persons were arrested for holding fictitious pasteboards, and, as many of these were purchased in good faith from speculators, much bitter comment was the result.

In the meantime the congestion at the gate was great and the fighters were given the opportunity to stay in their dressing rooms until the crowd entered. It is believed that a large proportion of those in the unreserved section entered the grounds on tickets printed by some skilled counterfeiter.

Both Men at Weight.

To fill in the period of waiting, announcements were made about the condition of the men. Newspaper men and sporting experts had been asked to witness the weighing to make sure that there was no misrepresentation. The scales were set at 133 pounds and the beam did not tremble when Gans stepped upon it. Britt made the beam quiver slightly, but it settled in place, and both men were clearly within the limit. It was thought the difference of weight between them was one of ounces.

Britt made a statement before the go, leaning over the ropes and addressing those in the press box, in which he said he thought he would win, and that he believed himself to be in first-class shape. His nervousness was manifest, however, from the jerky fashion in which he moved and the fashion in which he talked, hurriedly and continuously.

Gans Seemed Unruffled.

Gans did not seem in the least perturbed by the delay, but sat placidly in his corner, snuggled down in the folds of his quilt. He was also asked for a statement and complied, smiling easily and saying quietly and without any sign of emotion that he believed he would win within the limit and that he intended to make the fight as short as possible.

In the meantime those in the boxes and reserved seats were betting briskly, the majority of the wagers being placed at 13 to 20, with Gans as favorite. A rush of money just before the going sounded sent Gans down to the post of favoritism at 1 to 2. Britt had a considerable following among the smaller bettors who were attracted by the longer odds. The book-making element had left much money in the pool rooms to be put on Gans and held for those who wished to bet on Britt, so large wagers were not numerous about the ring side.

Men Pose for Picture.

After Announcer Jordan had boomed out his final statements, about 3:20, the men stripped and posed for a photo. Gans wore white trunks, with the American flag as a belt, and Britt wore red running trousers. They stepped to their corners until the going sounded at 3:26, after they had been photographed in the center of the ring.

When the fight was over and after Britt had been taken to his dressing room he said that he was perfectly helpless in the fifth round.

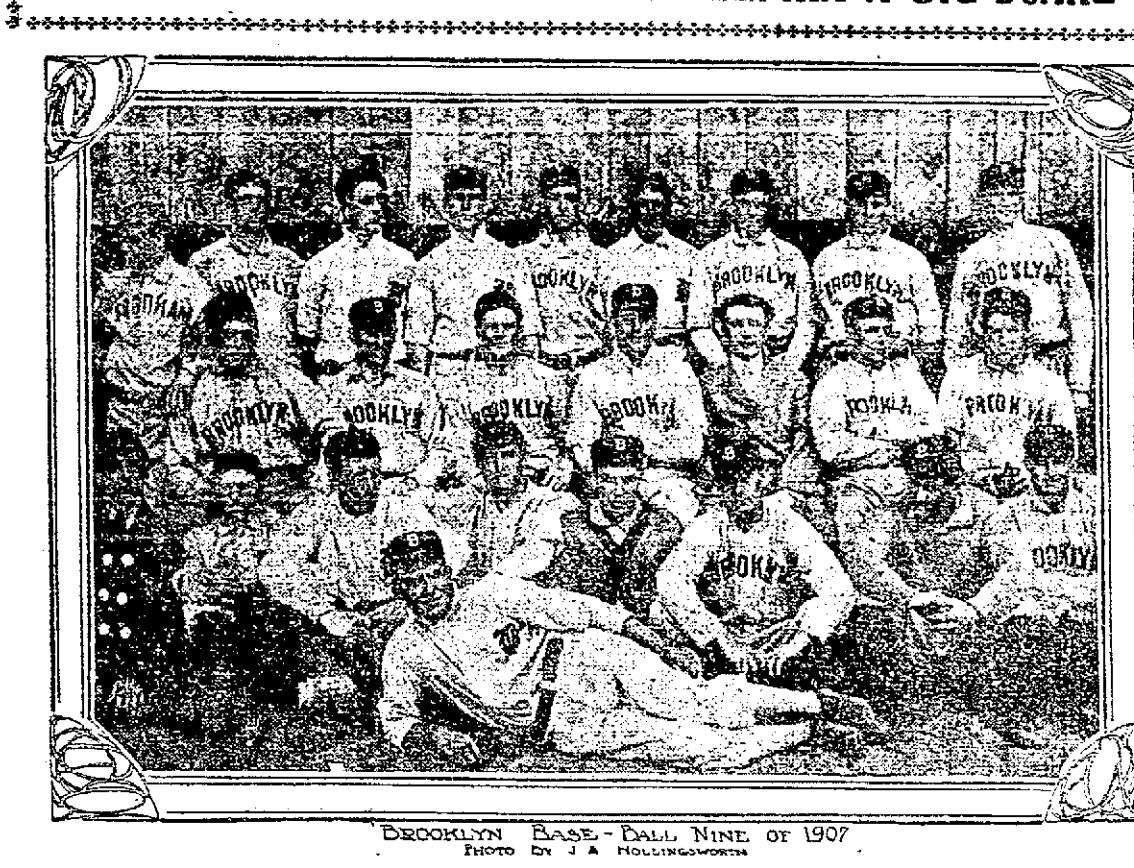

"I could not even hold up my arm to protect myself," he said, "and Gans hit me at pleasure. I whispered to Chief of Police Gleason about the matter and he ordered the fight stopped."

TROLLEY DODGERS GAVE PHILADELPHIA A BIG SCARE

PHILADELPHIA BASE-BALL NINE OF 1907

DODGERS HIT CORRIDOR HARD AND SEND HIM TO STABLE

Moren Stops Scoring and Philadelphia Wins—The Results.

Philadelphia, Pa., Sept. 10.—The Trolley Dodgers got on to Corridon in the ninth inning of the game here and came near turning the score—nothing matters in a defeat, but Moren was sent in after five runs had been made and stopped the scoring. Four hits and errors behind Corridon account for the runs. O'Brien relieved Thomas in the center field and secured one of the eleven hits. Score: Philadelphia . . . 3 12 0 0 1 0 . . . R. H. E. Brooklyn . . . 0 0 0 0 0 0 0 0 . . . 5 12 1 Batteries—Corridon, Moran and Dooin; Rucker and Ritter. Two-base hits—Dooin; Rucker and Ritter. Three-base hits—Magne, Titus. Hits—Off Corridon, 12 in 9 innings. Sacrifice hit—Knabe. Sacrifice bunt—Corridon, Magne (2). Double plays—Dooin to Courtney, Knabe to Dooin to Courtney. WADDELL ENGAGES WITH YOUNG IN A LONG STRUGGLE

Philadelphia Wins—The Scores.

Boston, Mass., Sept. 10.—Young and Waddell indulged in a pitchers' battle, the game going thirteen innings without either team being able to score. A remarkable feature of the game was that neither pitcher issued a pass or hit a man. Seybold's fine fielding saved the game for Philadelphia. The game was called at dark. The score: Philadelphia . . . 0 0 0 0 0 0 0 0 0 0 . . . R. H. E. Boston . . . 0 0 0 0 0 0 0 0 0 0 . . . 0 4 2 Batteries—Waddell and Schreck; Young and Cagier. Two-base hit—Fertis. Sacrifice hits—Fertis, Unglaub, Wagner, Seybold. Stolen bases—Parson, Congalton. Double play—Unglaub to Wagner to Fertis. Struck out—By Young, 5; by Waddell, 6. Time of game—1:58. Umpires—Sheridan and Stafford.

SOX WHIPS THE TIGERS.

Eddie Hahn Cleans Up Bases and Game Is Won in Fifth.

Chicago, Ill., Sept. 10.—With Detroit three runs to the good in the fifth inning, Robo got a single, Tannehill walked and Hart laid down a safe punt, filling the bases. Detroit's game was a foregone conclusion, allowing only runner to score and again populating the corners. Eddie Hahn met one of Kilian's outposts square in the hands in the second, a bloop fly, and Crawford sending over three runs. Later he tallied on George Davis' drive and the five runs won the final game with a score of 10 to 0. Score: Chicago . . . 0 0 0 5 0 0 0 0 . . . R. H. E. Detroit . . . 0 0 0 2 1 0 0 0 . . . 5 1 5 Batteries—White and Hart. First base on balls—Off Hart, 2. Double plays—White to Robo to Donohue, White to Davis to Robo. TIE IN ELEVENTH INNING.

Wheeling and South Bend Fight Long Pitchers' Battle.

Wheeling, W. Va., Sept. 10.—In a pitchers' battle, the last game of the season on the home grounds was called at the end of the eleventh inning with the score tied, 2 and 2, to allow the visitors to catch a train. Score: Wheeling . . . 0 0 0 0 1 0 0 0 0 0 . . . R. H. E. South Bend . . . 0 0 0 0 1 0 0 0 0 0 . . . 2 6 1 Batteries—Martin and Marwarth; Robertson and Spahr. Three-base hit—Spahr. Struck out—By Martin, 4; by Robertson, 3. Time of game—1:50. Umpire—Troy.

SPORTING NOTES.

Yes Maggert passed through Fort Wayne last night on his way to Bluffton to sign three players for Wheeling. He said he met Babe Myers on the trip and he has already signed four men for his Fort Wayne team next season.

Al Grady, the Delphos ball player, with Akron, is out of the game on account of an injury. He was accidentally spiked on one foot.

For the first time in the history of base ball in Toledo the club has drawn 200,000 paid admissions to the ball park, and there are still four games to be played. This is not a padded attendance, as every business manager in the league will attest. For the season opened that only the paid admissions would be counted and that plan has been carried out by both of the business managers, Gavin and Wild. This is a remarkable showing when the crowds of three and four years ago are considered. A total paid attendance of 125,000 then was good.

Cuppy Groeschow has been catching for Grand Rapids because the team had no one else to act as backstop. The Wheeling sport writers say he made good in the position and ought to give up shortstop for the wind past job.

Jack Hendricks enters a vigorous appeal to the story sent out from South Bend that he has purchased the Grand Rapids franchise and will give the Springfield holdings to Fort Wayne. Jack says that story comes from a diseased brain. He is a lawyer and ought to be able to diagnose brain storms.

Jack Taylor, the veteran pitcher, has been unconditionally released by the Chicago National league club.

S.S.S. PURELY VEGETABLE

A great many blood medicines contain Mercury, Potash, Arsenic or some other strong mineral. These ingredients act unpleasantly and often dangerously on the system by affecting the stomach and upsetting the digestion, and sometimes do great damage by eating out the delicate lining and tissues of the body. No such results ever come from the use of S. S. S. This great medicine enjoys the distinction of being the only guaranteed purely vegetable blood remedy on the market. It is made entirely from the extracts and juices of healing, cleansing roots, herbs and barks of the forests and fields gathered under our own supervision. In the treatment of Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Skin diseases, Blood Poison, and all blood diseases and disorders S. S. S. is a safe and efficient remedy. It removes from the blood all impurities, humors or poisons, and safely as well as surely cures all ills and ailments due to a bad condition of the blood. For more than forty years S. S. S. has been recognized as the best Blood Purifier and the Greatest of all Tonics. We have books on the different blood and skin diseases which we will be glad to send free to all who desire them, and will also furnish any medical advice wanted without charge.

HORSEMAN STAKE TAKEN BY BETTIE BRENT IN THE MUD

Kentucky Mare Captures Big Stake at State Fair Races.

Indianapolis, Sept. 10.—Under unfavorable weather conditions the racing division of the Western Horseman Stake was decided on the opening day of the Indiana State Fair. This was the big race of the day, and it was noteworthy from the fact that it was the first of a series of futurities opened by the Western Horseman to be decided.

On Thursday the trotting division of the stake will be decided, and without question the baby trotters will go faster and provide a better entertainment than did the lateral gaited youngsters.

The big end of the \$2,100 purse went to Bettie Brent, a black filly owned by H. H. Stambaugh, of Youngstown, O., and trained and driven by the Cleveland trainer, Vance Nuckols. She is richly bred, being by the Kentucky sire Wiggins, noted as a sire of futurity winners, and her dam was Lucy, by Latchen Wilkes.

The race was not a heart-breaking contest for the winner, for Bettie Brent had considerably more speed than any of the others. On getting the word Nuckols took the filly out in the lead and was never headed.

WANT SUDEN DEATHS

From Poisonous Rheumatism.

Rheumatism has for years been regarded as an exceedingly painful disease but it has only been discovered within the last few years that it is this terrible trouble that is either directly or indirectly causing thousands of deaths yearly throughout our country. Rheumatism of the Heart, Neuritis of the Heart, Paralysis of the Heart, etc., are among the most dangerous forms of the disease. If this ailment is allowed to stay in the system, sudden death can scarcely be avoided, but if any sufferer will go at once to C. B. Woodworth and get a bottle of BLOODLINE, the guaranteed remedy for Rheumatism, there will positively be cured. BLOODLINE in large bottles cost 50 cents. In old chronic cases where there is acute pain, BLOODLINE RHEUMATIC LINIMENT should be used with "BLOODLINE." Also for sale by Dr. J. R. Brothman.

THE WEATHER.

Chicago, Sept. 10.—Forecast for Indiana: Partly cloudy tonight; Wednesday fair and warmer.

CITY BREVITIES.

K. Vorndran went to Oakwood O. yesterday on a business trip.
Keith Chambers, of Winona Lake, is the guest of C. M. Chambers, of East Pontiac street.

Rev. Frank M. Fox, pastor of the Third Presbyterian church, is expected home this week from his European trip.

James Morrell, of Sand Point, sustained a fractured ankle Saturday when he was run over by a wagon loaded with gravel.

Theodore H. Geller is at Saratoga Springs, N. Y., as a delegate to the national encampment of the Grand Army of the Republic.

Extensive improvements are in progress at Trinity English Lutheran church, both exterior and interior undergoing beautification.

The season at Robison park will practically close with the termination of the engagement of the Klites band on Wednesday evening.

The Y. P. S. C. E. of Grace Reformed church will hold its monthly business meeting at the home of A. F. Close, 1027 Elmwood avenue, this evening.

Dr. Charles G. Alderman, formerly of this city, now a surgeon in the navy, has been transferred from the Puget Sound hospital to the navy medical school at Washington.

Township Trustee Cornelius Coarlin is convalescent from his recent illness and is now able to get about again. He was in his office Monday for the first time since leaving St. Joseph's hospital.

It is expected that members of the Hibernians, Knights of Columbus and other local Catholic organizations in large numbers will go to Kokomo September 29 to attend the laying of the cornerstone of a new Catholic church in that city.

Architect J. F. Wing has been selected to prepare plans for the new armory building for Concordia college, and the building will include a drillroom, festival hall and armory. The structure will be of brick and steel, located on the east end of the campus, and will be 160x104 feet in size.

MEN PAST SIXTY IN DANGER.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 61 years old." Dreier & Bro.

GOES TO INDIANAPOLIS.

J. B. Fonner Will Take a Fine Position in That City.

J. B. Fonner, for several years manager of the business of the J. W. Kier company, in this city, who tendered his resignation a few days ago, left today for Indianapolis. Here Mr. Fonner will take the management of a new mail institution which is being established in that city, and the change means a handsome advance in salary for him. His successor here has not yet been chosen.

Get a New One

Don't try to make that old unsatisfactory, coal-devouring range last through another season. Come in and see our new stove stock, and see what a good range you can get for a very little money. It will save its cost in fuel in a very short time. Don't stir until you realize that if you are in need of a stove and go farther than our store you will certainly fare worse. You may not yield readily to persuasion, but you will find it difficult to resist the evidence of your eyes. Call on us.
